Objective

I am an outgoing energetic young professional seeking a career that fits my professional skills and personality. I always look forward to new opportunities as I want to utilize my creative and personality traits in a well-groomed environment. My capability of learning and facing new challenges gives me courage and strength to work in every kind of situation. I have a positive attribute to learn and grasp the new challenges and can bring positive change to your organization.

Work experience

Mar 2015 - Sep 2018

Teacher

PAK-TURK International Schools & Colleges

I have worked as a mathematics teacher in the junior section as well as a substitute teacher. I was also appointed their junior section coordinator and administrator for 1 year. I mainly taught students mathematics and computer.

Education

Aug 2023 - Aug 2025

Frontendutvecklare

Jensen yrkeshögskolan

This program gives the knowledge of frontend as well as basic knowledge of backend development. Specialized in Front-End Development with JavaScript, covering UX/UI, backend basics, project management, and testing. Focused on secure, responsive web and mobile platforms, with skills in planning, executing, and quality assurance in web projects. Trained to independently lead front-end efforts, ensuring deliverables meet specified requirements and offering solutions for improvements.

Jan 2023 - June 2023
